

August 8, 2024

**WATERMAIN CONDITION ASSESSMENT
Woodlands, Texas**

What are we doing?

- Conducting condition assessments of the buried watermains.
- Condition assessment survey will be performed using vibrations by attaching sensors to hydrants and valves.
- During the testing, there will be no interruption to the water supply and no digging or excavation will be required.

Why?

- This non-destructive testing service will provide San Jacinto River Authority (SJRA) with information on existing watermains physical condition, or if they need to be rehabilitated/replaced.

When?

- Field work is expected to be completed from August 26th, 2024, through August 30th, 2024.

Who can you call?

SJRA		
Contact Person	Responsibilities	Telephone Number
Justin Sandt	Project Manager	(281) 362-3511
Daniel Hildebrandt	Technical Services Manager	(936) 828-6088
Kenwave Solution Inc.		
Contact Person	Responsibilities	Telephone Number
Darcy Heath	Project Manager	(+1) 647-615-3065
Nick Battcock	Site Supervisor	(+1) 647-615-3665

Working Hours

- Our contractor's normal working hours are from 8:00 a.m. to 4:00 pm, hours are consistent with the local municipality's bylaws.

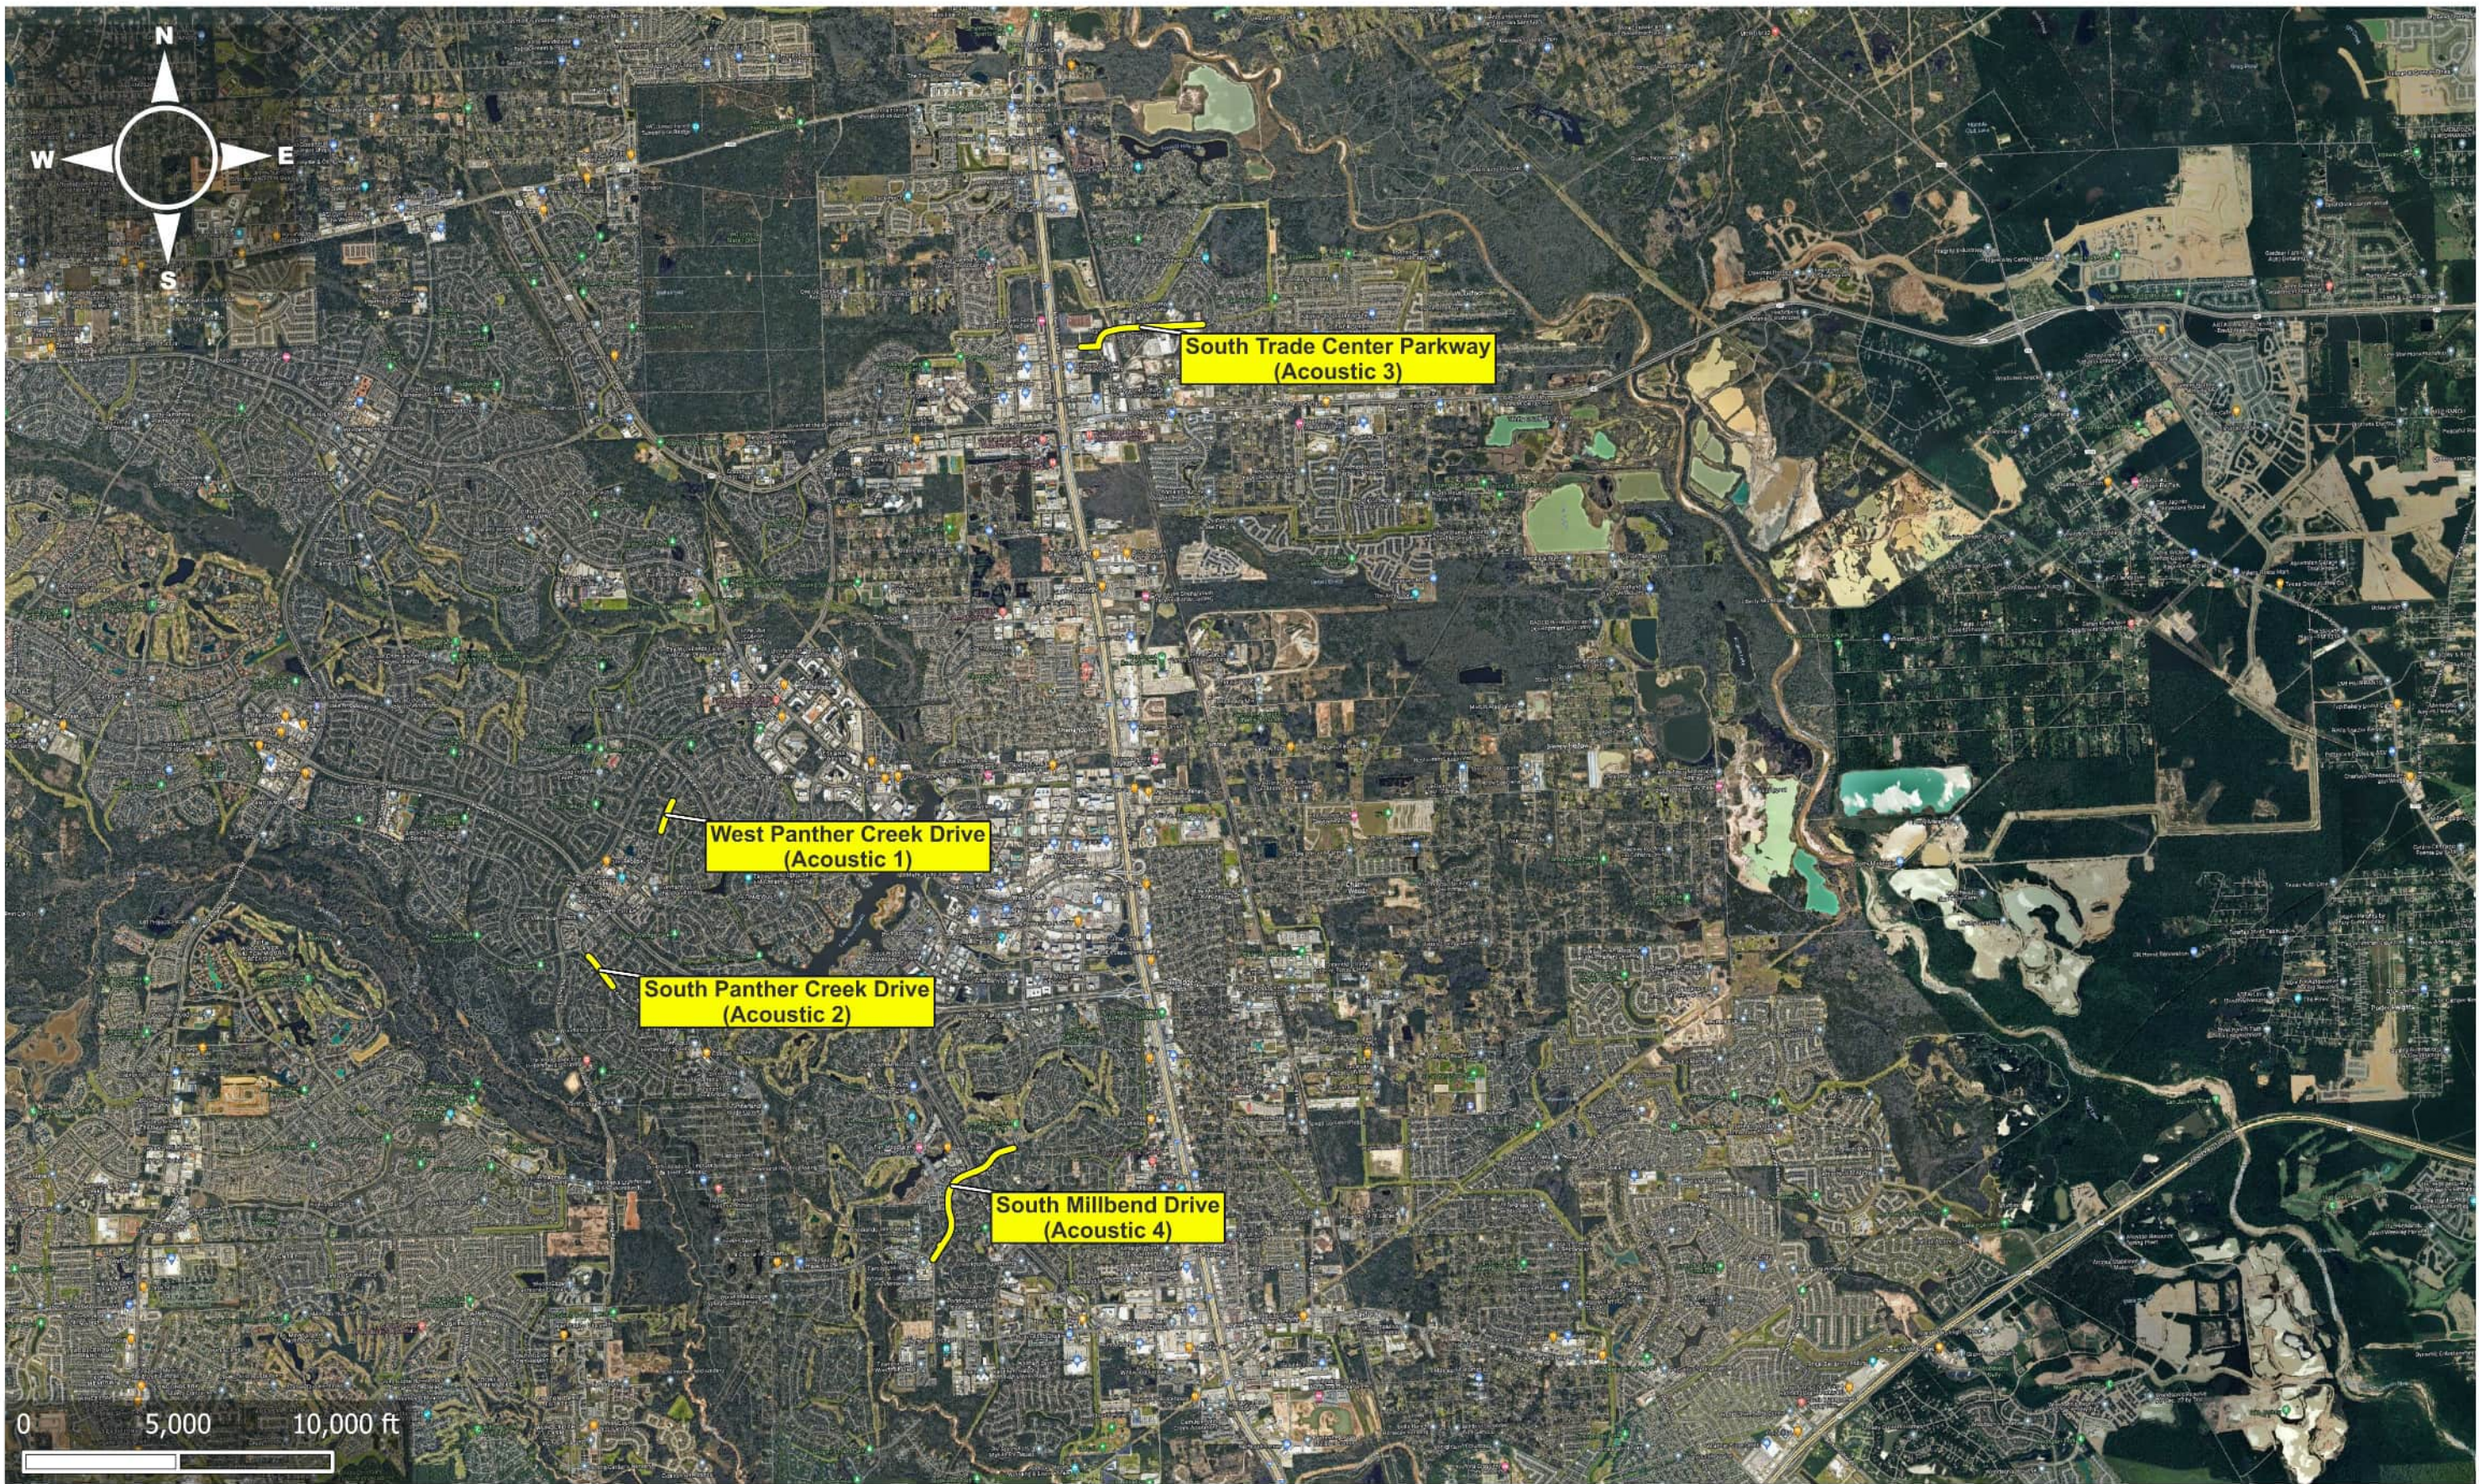

Traffic and Parking Control

- There will be no disruption to traffic. We do not expect to need to reduce traffic lanes during this project. Work will occur along the shoulder outside traffic lanes.

Project Updates

- SJRA will always let you know if there are any major changes to the plans.
- Please call the Project Manager or Site Supervisor if you have any concerns or special needs.

Thank you!
